PERSONALITY

🎯 Accuracy and attention to detail
As a result of my experience as an architect and a certified Passive House designer.

Analytical thinking
As a result of the great mathematical education from NUKK.

Striving for innovation
Because of the self development approach,

Decision making
Calm and non-emotional decision making on time, from my experience as an architect and project manager.

⭐ Communicative
From the entrepreneur-centric business environment - during development of the BUILDFUNDING startup.

PERFECT DAY

A <Code> / Design
B Brainstorming
C Family & Friends
D Self development
E Nature walk
F Relax
